SKILLS

- **Languages**: Java, Python, C, C++
- **Frameworks**: Java Swing / AWT, Pandas, NumPy, Seaborn, Matplotlib, Vue.js
- **Tools/Platforms**: MySQL, Power BI, Excel, Figma
- **Soft Skills**: Problem-Solving, Team Player, Adaptability

PROJECTS

BrainByte AI – AI-Based MCQ Generator| *Python, Flask, Gemini API, SQLite, HTML/CSS, JavaScript | Link* *Feb 2026*

- Build an AI-powered web application that generates MCQ questions from user-uploaded study material.
- Developed using Python Flask, Gemini API, and SQLite with PDF upload, authentication, and dynamic quiz generation features.
- Automated quiz creation reduced manual effort and enabled instant MCQ generation with scoring and quiz history support.

Java Maestro Summer Training | *Java, Swing, JDBC, MySQL* | link *July 2025*

- Developed an interactive desktop-based quiz application using Java Swing/AWT by implementing login authentication, question navigation, and automated scoring through an event-driven GUI.
- Implemented robust state management to track responses, compute scores, and manage quiz progression, ensuring seamless performance without relying on external libraries.

Customer Call Center Analytics Dashboard | *Excel, Pivot Tables, Macros, KPI Design* | Link *Mar 2025*

- Analyzed 200,000+ customer interaction records and built an advanced Excel data model using pivot tables, slicers, and macros to evaluate agent performance, call outcomes, and customer engagement patterns.
- Constructed an interactive dashboard showcasing KPIs like success rates, abandonment ratios, and demographic distributions, boosting analytical clarity by 45%.
- Extracted actionable insights revealing high-performing agents, peak calling hours, and customer retention trends, enabling data-driven decision-making and enhancing process efficiency by 30%.

CERTIFICATES

- Introduction to Image Processing – Coursera | Link *Aug 2025*
- Cloud Computing – NPTEL | Link *Apr 2025*
- Software Engineering: Implementation and Testing – Coursera | Link *Apr 2024*
- Introduction to Vue.JS Framework – Coursera | Link *Feb 2024*

EXTRA CARRICULAR ACTIVITY

- Completed a Community Development Internship at *Hands to Care Trust Saharanpur (Uttar Pradesh)*, contributing to a rural classroom development project focused on improving learning conditions for underprivileged students.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology – Information Technology - CGPA: 7.04 *August 2023 - June 2027*

Delhi Public School Saharanpur, Uttar Pradesh
Intermediate - Percentage: 85.8% *April 2020 - March 2022*

Delhi Public School Saharanpur, Uttar Pradesh
Matriculation - Percentage: 86% *April 2018 - March 2020*
